

## LiquiBand® Exceed™ XS

We've drawn the line for an even, consistent wound coverage.

### ✓ NO CLOG TECHNOLOGY

- ▶ Tip will not clog, allowing consistent flow of adhesive
- ▶ 0.4mL of adhesive per applicator delivers approximately 7cm of coverage

### ✓ PURE OCTYL FORMULATION

- ▶ Maximises durability and flexibility
- ▶ Provides high viscosity
- ▶ Creates intimate skin contact

### ✓ UNIQUE APPLICATOR TIP

- ▶ Elliptical shape allows for narrow or wide application
- ▶ Porous felt tip allows drip-free priming and even, consistent application

### ✓ EASY TO USE APPLICATOR

- ▶ Winged applicator allows for safe and easy activation
- ▶ Provides controlled delivery of adhesive

## LiquiBand® Exceed™ Range

Offers the improved attributes of precision and controlled delivery with added advantages of our innovative tip design.

### LiquiBand® Exceed™ XS

- ▶ 7cm Yield
- ▶ No clog tip
- ▶ Ideal for small incisions, laparoscopic port sites

### LiquiBand® Exceed™

- ▶ 30cm Yield
- ▶ 90mins intraoperative reuse
- ▶ Ideal for medium to long surgical incisions

## Key Benefits

- ✓ **High Viscosity**<sup>3</sup>
  - ▶ Provides optimal flexibility
- ✓ **Controlled Expression of Adhesive**<sup>4</sup>
  - ▶ Applicator offers control during expression of adhesive
- ✓ **Microbial Barrier**<sup>5</sup>
  - ▶ Acts as a barrier against gram-positive, gram-negative and fungal microbes. Proven effectiveness against *S. aureus*, *Paeruginosa*, *E.coli*, *Candida albicans* and MRSA
- ✓ **No Clog Formulation**<sup>6</sup>
  - ▶ Allows users to work at their own pace
  - ▶ The adhesive will remain in-tact throughout the wound healing process
- ✓ **Maintains wound closure throughout healing process**<sup>9</sup>
  - ▶ The adhesive will stay on the skin for 5-10 days and sloughs off naturally

#### Giving protection against:

Gram Positive Bacteria	Gram Negative Bacteria	Fungi
▶ <i>S. Epidermis</i>	▶ <i>Ps. Aeruginosa</i>	▶ <i>Asp. Brasiliensis (niger)</i>
▶ <i>S. Aureus &amp; MRSE</i>	▶ <i>E. Coli</i>	▶ <i>C. Albicans</i>
	▶ <i>E. Cloacae</i>
